

Funding Opportunities for Postdoctoral Fellows

The Diabetes Action Canada Training and Mentoring Group is pleased to announce funding opportunities for postdoctoral fellows who are interested in pursuing Patient-Oriented Research (POR) in diabetes and its related complications. The goal of this award is to promote networking and optimal integration of trainees into the Diabetes Action Canada (DAC) Network and the Canadian diabetes research community. Up to two (2) fellowships will be awarded to trainees.

Eligibility criteria and methods of evaluation are described below. Successful candidates will each receive financial support of a maximum of \$50,000 per year for a two-year period for a total of \$100,000.

Application deadline

- ❖ The deadline for submission of applications is **June 14th, 2019** for funding commencing no later than September 1st, 2019.

Applications submitted late, incomplete or which do not meet the eligibility criteria will not be evaluated. Funded projects must be completed within the two-year period of the award.

Eligibility

Applicants must meet the following eligibility criteria:

- 1) Be Canadian citizens, have landed immigrant status, or have a student/work visa;
- 2) Be accepted for, or hold, a postdoctoral position at a Canadian university;
- 3) The applicant's supervisor must hold a faculty appointment in a Canadian university and be a registered member of Diabetes Action Canada at the time of the application;
- 4) The applicant must have received a PhD or expected to receive degree by award commencement date of September 1st, 2019. Documentation of degree completion will be required prior to the initiation of funding;
- 5) If an applicant holds a research award from another institution for the same research project, the DAC award will be reduced by the amount awarded from the other institution. Furthermore, if the successful candidate receives a grant or award after they have received the DAC award, they must notify Diabetes Action Canada.

The DAC award will be adjusted accordingly. A recipient may not decline another previously-offered grant or award in order to accept a DAC award.

Duration of funding

Postdoctoral fellows will receive \$50,000 per year for a two-year term, for a total of \$100,000; \$45,000 stipend + \$5,000 research allowance per year.

Funds will be given in two installments:

- ❖ Year 1: September 1st, 2019 - August 31, 2020
- ❖ Year 2: September 1st, 2020 - August 31, 2021

Expectations

- 1) Awardees will be expected to complete an annual progress report (including publications, courses and conferences attended) and a final report after two years of funding;
- 2) Successful applicants agree to submit a scientific abstract for oral or poster presentation at the annual scientific meeting of Diabetes Canada or other national and international diabetes research conferences and participate in Diabetes Action Canada activities (i.e. POR training, DAC Workshops/Conferences, etc.);
- 3) Successful applicants are required to acknowledge support from Diabetes Action Canada in publications, presentations, and communications arising from the supported research.

Evaluation criteria

Applications will be evaluated on the following criteria:

- 1) Scientific merit of the research proposal;
- 2) Alignment with principles of Patient-Oriented Research;
- 3) The candidate's academic record and perceived potential as indicated by supporting documentation (i.e., transcripts and letters of recommendation);
- 4) Research or professional experience, awards/prizes received, and publication record.

Application process

- 1) Submit a completed application form.
- 2) Submit all relevant documents:
 - copy of degree;
 - transcripts;
 - CIHR CCV;
 - Two letters of recommendation.

All documents must be submitted (in PDF format) to the DAC Training and Mentoring Program Coordinator, Michelle Murray, michelle.murray@umoncton.ca.

Notification

All applicants will be notified of the funding decision by August 2nd, 2019. Funding decisions will also be posted on the Diabetes Action Canada website.

Any request for additional information can be forwarded to the DAC Training and Mentoring Program Coordinator, Michelle Murray, michelle.murray@umoncton.ca.
